

11.01.2023

Petitioner alongwith his counsel Mr. Ali Gohar Durrani, Advocate present. Mr. Muhammad Adeel Butt, Additional Advocate General for the respondents present.

From perusal of the previous order sheet, it transpires that the instant execution petitioner was restored on 02.11.2022 where-after two consecutive proceedings on 25.11.2022 and 19.12.2022 were conducted duly reflected in the respective order sheets. Today, learned Additional Advocate General came up with the arguments that notices in the instant restoration execution petition have not been received to them therefore, they could not come up with any interim reply.

It is observed that on previous two occasions, Mr. Kabirullah Khattak, Additional Advocate General and then Mr. Muhammad Riaz Khan Paindakhel, Assistant Advocate General had been in attendance of the court respectively and the point of contention was not raised at that time. It is pathetic to record that the office of Additional Advocate General is not in the loop otherwise it is incumbent upon them to share information as well as documents with the officer who is assigned the duty to attend the court on behalf of the respondents on the next date(s) of hearing. In such a scenario, last chance is given to the respondents to submit final and conclusive implementation report on the next date keeping in view that implementation reports in the Service Tribunal consolidated judgement in other connected execution petitions have already been submitted in the court. Adjourned. To come up for final and conclusive implementation report, by way of last chance, on 31.01.2023 before S.B.
