Appeal No. 10407/2020 Yasir Khan is Gort

Mr. Ishfaq Ahmed Khan, Advocate for the appellant present. Mr. Riaz Khan Paindakheil, Assistant Advocate General for the respondents present. Arguments heard and record perused.

Vide our detailed judgment of today passed in service appeal bearing No.10408/2020 titled "Muhammad Usman Vs. Secretary to Government of Khyber Pakhtunkhwa Elementary and Secondary Education Department, Civil Secretariat, Peshawar and two others", we have not observed any illegality in the promotion process, but to make it sure that justice is done to the appellants, the cases of appellants are remitted to respondents to examine their promotion cases strictly in accordance with the promotion criteria together with the correct distribution of seats amongst the cadres and promote the appellants on the basis of seniority cum fitness upon availability of posts. Parties are left to bear their own costs. File be consigned to record room.

h (Atiq-Ur-Rehman Wazir) Member (E)

26.11.2020

Mr. Ishfaq Ahmad Khan, Advocate, for appellant is present. The learned counsel representing appellant while arguing submitted that 75% quota has been specified for the post of Secondary School Teacher (BPS-16) whereas 25% quota has been fixed for initial recruitment for the teaching cadre vide notification dated 18.12.2013. Appellant is eligible to be considered for promotion as he stands at serial no. 51 on the respective seniority list. The Departmental Promotion Committee promoted 37 candidates while initially recruited 60 candidates which is repugnant to the extant policy and rules. At the moment the Departmental Promotion Committee considered the cases of the candidates sans the case of appellant hence, the present appeal.

The point so agitated at the bar needs consideration. The appeal is admitted for regular hearing subject to all just legal objections. The appellant is directed to deposit security and process fee within 10 days, thereafter, notices be issued to the respondents for written reply/comments for 11.12.2020 before S.B.

Appellant Deposited Fest Security & Process Fee S. B.

> The status-quo subject to notice be maintained till the date fixed.

Advocate High Court District Courts Nowshera.

# BEFORE THE KHYBER PUKHTUNKHWA SERVICES TRIBUNAL PESHAWAR

Service Appeal No. 10407 /2020

### VERSUS

(1) Secretary to Government of Khyber Pukhtunkhwa Elementary and Secondary Education Department, Civil Secretariat, Peshawar.

(2) Director Elementary and Secondary Education Department, KP, Peshawar.

(3) District Education Officer (Male) Nowshera...... (Respondents)

edto-day Ŧ

# APPEAL U/S 4 OF THE SERVICES TRIBUNAL, ACT, 1974.

Respectfully Sheweth,

(1) That the Appellant joined the service of education department as Qari and is working as such for more than 6 years by now.

(2) That the respondent department in consultation with the Establishment and Finance Department has passed notification No. SO (PE)4-5/SSRC/Meeting/2013 Teaching Cadre, Peshawar dated 18<sup>th</sup> December 2013, whereby 75% quota for the posts of Secondary School Teacher (BPS-16) has been reserved/sanctioned for promotion on the basis of seniority-cum-fitness and 25% for initial recruitment. Furthermore the note to the policy also provided that promotions could also be made on need based policy yet instead of following the need based

policy and allocated quota the vacant seats were filled through initial recruitment.

(Copy of notification is Attached as <u>Annexure "A</u>")

(3) That the appellant being having required eligibility, stands at the second top position of seniority and eligibility having spotless service career is most deserving teacher for due legitimate right of promotion as Secondary School Teacher (BPS-16).

(Seniority List Attached as <u>Annexure B</u>)

(4) That respondent department, from 2014-2020, held departmental promotion committee and promoted only 37 candidates while initially recruited candidates are 60, which makes total as 97 and violation of the policy and rules. Furthermore as according to policy the appellant's cadre (Qari) has to be given 3% share in total appointments/promotions yet the same right has not been given. (Copies of Promotion and Appointment Orders Attached as Annexure <u>C and D</u>)

(5) That now again the respondents considered the files of candidates for Departmental Promotion Committee yet the appellant is not considered. Furthermore the appellant did approach the respondents but they did not give any response and are continuing with the process.

(Copy of Application is attached as <u>Annexure E</u>)

(6) That appellant being in service of education department does approach this honorable forum for proper remedy.

(7) That the said actions of the respondent department are making the appellant junior to promoted and fresh appointed teachers and also depriving him of the financial benefits.

(8) That feeling aggrieved, the appellant in the given circumstances while having no other adequate remedy is constrained to approach this Honorable Tribunal for the redressal of his grievances on the following ground inter alia;

### <u>GROUNDS;</u>

(A) That notification (annexure B) is the clear cut and transparent policy being mandatory in nature, properly formulated and promulgated by the respondents themselves and as such the

respondents are/were under the obligatory duty to act upon their own policy and the vacant posts should be filled according to 75% quota, of which 3% to Qari cadre, while 25% for filling through initial or fresh appointments. The respondents purposefully and illegally have amalgamated all the seats of quota just to accommodate their own kit and kin or blue eyed candidate and the appellant was made scapegoats.

(B) That discrimination in filling of vacant seats as observed by the respondents in the matter of depriving the appellant from due and legal right of promotion is highly deplorable and condemnable, being unlawful, unconstitutional, without lawful authority, without jurisdiction, against the norms of justice and equity hence require to be declared as such.

(C) That appellant has got the required qualifications for promotion as per policy and rules of respondents yet recently conducted departmental promotion committee (DPC) report again skipped the appellant.

(D) That the constitutional right of appellant for promotion to BPS-16 (SST) will be again denied to the appellant.

(E) That the detail of 97 vacancies filled from 2014-2020 is as following;

Process of SST (BPS-16)	Initial Recruitment	Certified Teachers	Primary School Teacher	Arabic Teacher	Theology Teacher	Drawing Master	Qari
Allowed							
Quota	25%	40%	20%	4%	4%	4%	3%
Filled Posts	60	21	12	2	1	0	1
Actual							
percentage	61.85%	21.64%	12.37%	2.06%	1%	0	1%

(F) That the appellant is deserving and eligible candidates for due promotion to the post of Secondary School Teacher (BPS-16) with no adverse remarks from any quarter and thus valuable rights have been accrued to him which could not be taken away in an arbitrary or fanciful manner.

(G) That appellant is not dealt according to law and illegally made to suffer financial trouble and hardships in the prevailing circumstances dearness, scarcity and uncertain promotion/appointment policy, require be deeming promoted to the post of Secondary School Teacher (BPS-16) on the basis of eligibility and given quota.

(H) That there is great discrimination in filling the vacant posts of SST (BPS-16) while the respondents did act according to their own sweet will, whims, wishes, discretion and innovation, disregarding the policy for filling the concerned vacant posts.

(I) That the appellant had not been dealt in accordance with law and equity and made scapegoat for penalizing for no fault on his part.

(J) That respondents have exceeded their powers and jurisdiction by enjoying their own innovation and monopoly, creating problems for the entire family of the appellant by treating discriminatively, promotion and depriving of financial benefits.

(K) That fundamental valuable rights of appellant has been violated with non-observance of given quota by respondents and fresh appointments on their personal whims and wishes, such an encroachment is violation of the command of 1973 Constitution of Islamic Republic of Pakistan.

(L) That the illegal use of excessive power by respondents has denied the appellant his due fundamental rights of being treated fairly and equally in accordance with law while the appellant is legally eligible on the basis of seniority-cum-fitness and with sufficient sanctioned posts available giving valuable rights of promotion to appellant which could never be taken away with a single stroke of pen.

(M) That Islamic State is under obligation to establish a society which is free from exploitation wherein social and economic justice is guaranteed to its citizens. (2005 SCMR 100 < c & d >)

(N) That further submissions would be advanced with the kind permission of this august court at the time of hearing the appeal at the bar.

Therefore keeping in view the above mentioned facts it is most humbly prayed that on accepting of this appeal, the appellant may kindly be considered for promotion to Secondary School Teacher (BPS-16) with immediate effect enabling the appellant to enjoy the financial benefits and seniority in accordance with law to meet the ends of justice.

Any other remedy if available may also be extended in favor of appellant to meet the ends of justice.

(2) Director Elementary and Secondary Education Department, KP, Peshawar.

(3) District Education Officer (Male) Nowshera...... (Respondents)

### **APPLICATION TO GRANT TEMPORARY INJUNCTION**

Respectfully Sheweth,

- (1) That the appellant is filing appeal for consideration by this honorable court.
- (2) That the appeal should be considered as integral part of this application and the contents of appeal may kindly be considered as contents of this application.
- (3) That the appeal of appellant is a prima facie case making it arguable case with having more chances of success in favor of appellant.
- (4) That the promotion notification or other action of respondents would cause irreparable loss to the appellant and the appellant would be deprived of his legal right.
- (5) That the balance of convenience for winning the appeal is more in favor of appellant as could be seen from the grounds advanced in appeal to this honorable forum.
- (6) That if the temporary injunction is not granted and status quo not maintained then the appeal would get infructuous and would lose its value.

- (7) That any other relief, order or direction this court may deem fit and proper under the facts and circumstances of this case.
- (8) That as the appellant is government servant so this honorable court has got jurisdiction to entertain the application.

It is therefore most humbly prayed that by accepting this application for temporary injunction, till final disposal of the appeal, may kindly be granted in favor of appellant against the respondents, restraining the respondents from promoting other candidates to Secondary School Teacher (BPS-16) or taking any adverse action which would damage the appeal illegally, in the shape of new appointments.

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | 6                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 13                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Academic Qual:    

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 28/05/2012                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | 22/02/2019                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 25/05/2012                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | 30/05/2019                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 25/05/2012      

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 26/05/2012                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 25/05/2012                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 28/05/2012                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 02/12/2014                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | 02/12/2014                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 02/12/2014                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 06/02/2016                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 06/02/2016                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | 06/05/2016                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | 

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 07/01/2017        Qari/S.Qari namely Zabihullah has already been duly promoted to Ssin their specific 3% reserved quota for Qaries. After 2017 the next and last promotions were made in 2020 in which 10 seats were filled as according to the reserved quota 3% of 10 is 0.3 not even half of a seat so for that very reasons candidates in other cadres according to the proportion got promoted as per rules and policy.

- 4 In-correct, as the appellant got his eligibility in 2019, so he was not fit for the prior promotions. It is worth to mention that all the vacant seats are filled when promotions are made and it has no concern with the next promotions. Hence the collective calculations of vacant seats from 2014-20 make no sense.
- 5 In-correct, the department is duly acting according to the rules and regulations.
- 6 Incorrect, the Appellant has got no cause of action to file the instant appeal.

7 In-correct, the appellant will be promoted by his due turn on merit.

8 Incorrect.

### <u>Grounds:</u>

- A. Incorrect, as explained above the appellant has got his eligibility in 2019 and since than one of his senior colleague has already been duly promoted from his cadre.
- B. In-correct, there is no discrimination; all the promotions are fully transparent and according to the rules and regulations.
- C. Incorrect, the appellant will be promoted justly by his turn.

D. Incorrect, as explained above pares.

E. Pertains to record.

F. In-correct as explained above pares.

BEFORE THE SERVICE TRIBUNAL KHYBER PAKHTUNKHWA PESHAWAR

### Appeal No 10407/2020

### Yasir khaws Secretary of KP E&SE Department and others

### **Respectively Sheweth**

### PARA WISE COMMENTS ON BEHALF OF RESPONDENT No 1, 2, 3.

### **Preliminary Objections**

- 1. That the Appellant has no cause of action/locus standi to file the instant appel.
- 2. That the present Appeal is bad for non-joinder and mis joinder of necessary parties.
- 3. That the instant appeal is badly time barred.
- 4. That the appellant has concealed material facts from this honorable service tribunal.
- 5. That the appellant is estopped by his own conduct, by deed and by law to file the instant appeal.
- 6. That the instant appeal is not maintainable in its present form.

#### **Factual Objection**

- **1** Para No1 is correct, needs no Comments.
- 2 Para No 2 is correct, needs no Comments
- 3 In-Correct. The appellant was appointed on 22-2014. According to the policy/notification dated 18-12-2013 the appellant will be considered for promotion to the SST post after completing of five years mandatory period as Qari/S.Qari. the appellant got eligibility on 26-2019 and in 2017 SST'S promotion one top of the list

Qari/S.Qari namely Zabihullah has already been duly promoted to SST in their specific 3% reserved quota for Qaries. After 2017 the next and last promotions were made in 2020 in which 10 seats were filled as according to the reserved quota 3% of 10 is 0.3 not even half of a seat so for that very reasons candidates in other cadres according to the proportion got promoted as per rules and policy.

- 4 In-correct, as the appellant got his eligibility in 2019, so he was not fit for the prior promotions. It is worth to mention that all the vacant seats are filled when promotions are made and it has no concern with the next promotions. Hence the collective calculations of vacant seats from 2014-20 make no sense.
- 5 In-correct, the department is duly acting according to the rules and regulations.
- 6 Incorrect, the Appellant has got no cause of action to file the instant appeal.

7 In-correct, the appellant will be promoted by his due turn on merit.

8 Incorrect.

#### **Grounds:**

16

- A. Incorrect, as explained above the appellant has got his eligibility in 2019 and since than one of his senior colleague has already been duly promoted from his cadre.
- B. In-correct, there is no discrimination; all the promotions are fully transparent and according to the rules and regulations.
- C. Incorrect, the appellant will be promoted justly by his turn.

D. Incorrect, as explained above pares.

E. Pertains to record.

F. In-correct as explained above pares.

**Content** and **Apply** and **App** 

H. In-correct as explained above paras.

I. In-correct as explained above paras.

J. In-correct as explained above paras.

K. In-correct as explained above paras.

L. In-correct as explained above paras.

M. Pertains to record.

N. Needs no reply.

It is therefore, most humbly requested that the present appeal being frivolous, erroneous and vexatious may kindly be dismissed with cost.

Respondents,

1. Secretary E&SE Department, Govt: of KPK.

2. Director E&SE Department KP Peshawar.

Ó Officer (M) 3. District Educat Nowshera

جیسا کہ میل سے داختے ہے کہ کل 74 خالی آسامیوں پر 2014 سے 2020 تک DPC ہوئی ہے جس میں 37 امید داردں کو ترقی دی گئی ہے۔جبکہ NTS کے ذریعے بھرتی ہونے دائے امید داردں کی تعداد 60 ہے۔ کل تعداد 97 بنتی ہے۔ پر دموتن پالیسی سے مطابق قاری کیڈر کا کو ٹہ 3 فیصد ہے۔جس سے مطابق 97 پوسٹوں میں 3 امید دار پر دموتن سے مستحق ہیں۔لیکن ابھی تک صرف ایک امید دارکوتر قی ملی ہے۔

جناب عالی! میں نے متعدد بار DEO صاحب نوشہرہ کوا پلیں درج کرا ئیں لیکن کوئی عمل درآ مدنہ ہو تکی خطالیہ DPC میں DEO صاحب نے یقین دہانی دے کرفائل جمع کی تھی لیکن ساتھ ہی DPC سمیٹی نے وہی جواز پیش کرکے Refuse کرائی۔ میں بڑے عزت اوراحترام کے ساتھا آپ صاحبان سے درخواست کرتا ہوں کہ مجھےا پناحق دلا کر مشکور فرما کمیں یہ شکر یہ
