SUBJECT. INCIDENT REPORT OF STRIKE IN HOSPITAL.

It is to state that elective services in the hospital are closed on account of strike announced by Grand Health Alliance against the public private partnership.

The undersign did routine morning round and emergency services in the hospital are continue without any difficulty. The OPDs are opened but the doctors refused to provide services in OPD because of the strike direction from Dr. Rasim Shah, Dr. Bakhtiyar Alam, Dr. Khial Wali, Mr. Khial Madar (Driver Rescue 1122) Mr. Fazal Rahman (EPI Vaccinator) also provoked doctors and other staff to avoid duties at any cost.

The above mentioned staff are constantly instigating the employees against administration and object the Govt initiatives of PPP with very ill manners. Despite some difficulty, few doctors are providing their services in OPDs as the undersigned told them that in case of any considerable humanly loss or adding miseries to general public will ultimately lead to strict disciplinary action.

The information is forwarded to you for further necessary action.

Subject : **INCIDENT REPORT OF STRIKE IN HOSPITAL.**
Madam:

I have the honor to bring the incident report of strike today in hospital into your kind notice. It is to state that the electricity supply to hospital has been discontinued suddenly two days back by TESCO authority due to pending liabilities(Arrears) without prior information/complaint which has disrupted the smooth supply of services delivery. However, the undersigned tackle the mater and supply continued after negotiation in which the TESCO authority insisted to meterize the premises to decrease the illegal consumption. As per rule we allowed to meterize the premises otherwise disconnect the individual residential supply. The hospital Staff denied to do so and resist meterization of residential flats/ Benglows and called on Strike today thereby closing the OPD.The emergency services are continued without any hindrance.

The health staff namely Dr.Rasim Shah, Dr.Bakhtiyar Alam , Dr.Khial Wali, Dr Khalid javed, Dr.Feroz Shah, Dr.Afrasiyab, Dr.Abdul Hameed, Dr.Wilayat Khan, Dr.Muhammad Khan, Mr.Khial Madar, Mr Haneef and Mr.Hamayun are constantly creating problems to administration through various tactics and actively leading the mob. Their activities need to be restricted. The information is forwarded to you for further necessary action please.

**Subject: INCIDENT REPORT REGARDING INVOLVEMENT OF HEALTH STAFF
IN ILLEGAL STRIKE AND INSTIGATION OF STAFF ACTIVITIES.**

Dear Sir,

This is to bring into your notice, a very grave and extremely serious incident of involvement of some Health Department Staff in causing grave threat to life of patients by instigating DHQ Landikotal staff to go on strike against the interest of the public.

On 13/08/2022, Mr Fazal Rehman Who is a EPI Vaccinator with DHO Khyber, and Mr Khail Madar. who is a staff member of 1122 Service, and are also owners of Medical Stores in front of the Hospital (a conflict of interest of these two people), along with other medical store owners illegally gathered in the premises of the hospital and started instigating hospital staff to go on strike, these are also supported by our hospital doctors namely: Dr Rasim Shah, Dr.Bakhtiyar Alam, Dr.Khial Wali , Dr.Muneeb Dr.Hameed, Dr.Khiali Khan, Dr.Muhammad Khan, Dr.Hidayat Shah, and other staff members, namely: Mr.Ali Akbar & Mr.Akhtar Zeb hence causing a serious threat to the life of the patients of the hospital.

They started making fiery and inflammatory speeches against the policies of the Provincial Government, specially targeting the Public Private Partnership policy of the Health Department and started instigating the hospital staff to revolt against the policies of the Provincial Health Department. This not only caused disruption in the official services of the hospital, but also caused risk of damage to hospital property because of the danger of hooliganism because of the instigation of these two men. It is also pertinent to note that this strike was neither called by PDA, YDA or GDA but by 2 staff members who run their own medical stores at the same time and hence pursue their own business interests and nefarious designs while working as health staff at the same time.

(Handwritten signature)

Though I have formally reported this matter to the police as the matter is a criminal proceeding causing disruption in Official Services, I, in the best interest of the public, hereby request that strict disciplinary action should be immediately taken against Mr Fazal Rehman and Mr Khail Madar, including major penalty, as they are involved in anti-public, anti-hospital activities and also to assert the writ of the state, in an area where these type of anti-social elements think they can easily get away with their such criminal activities

Thank you

Subject: **Request for disciplinary actions against doctors and staff members involved in unlawful strike.**

Refer to the subject cited above it is stated that recent strike of a group of few doctors at DHQ Hospital Landikotal was held with mala fide intentions and malicious designs. It is the same group which is locally known as Hospital Mafia. Anything affecting their nefarious interests always prompts them to conspire against the smooth running of the hospital.

Assuming the duty, the undersigned strictly instructs the hospital doctors and other related staff for better service delivery and compliance of the duty roster duly synced with newly installed biometric in the best interest of the hospital and the general public. But often times, the negligence on the part of doctors and staff members was observed.

Following the official procedure, the Undersigned calls explanations from the doctors concerned, but members of the mentioned groups take such administrative measures against their norms and usually responded with retaliation and consider it as disrespect.

It is worth mentioning that undersigned has recently shifted dental block from second floor to ground floor near other OPD blocks to provide space for wards, and for the easy accessibility of the elderly patients and female attendees. On the pretense of space shift, the dental surgeon, Dr. Humaira, refused to look after her dental patients and declined her duty with lame excuses such as infective tools and outdated equipment etc. Upon patients complains, the undersigned called explanation from the said doctor, but she took it personal, and retaliated fiercely along with her husband Dr. Imran, MO Orthopedic, misleading by the mentioned group who provoked other doctors and staff members to go for a strike.

They staged illegal, unlawful demonstration against the undersigned on Saturday 8th October 2022 till the writing of this report (11th October), led by Mr. Khial Madar, rescue 1122 driver and Mr Fazal Rehman, EPI technician at DHO strength, who have been constantly affecting the functionality of the hospital. Previously, request for legal actions against these two staff members was also called for disrupting hospital services. The staff and doctors involved boycott their duty and no patient was attended by these staff on that particular days.

In the view of the above circumstances and the resultant inconvenience, it is therefore, recommended strict disciplinary proceedings may initiate against the doctors and staff involved (list attached herewith) for ensuring smooth administration and services delivery at DHQ hospital Landikotal.

**REMINDER FOR TRANSFER OF SERVICES OF Mr. KHIAL
MADAR (DRIVER).**

Reference to this office letter No.1313/DHQ/LKL dated 25/08/2022 it is once again inform you that Mr. Khial Madar ambulance driver rescue 1122 previously attached to this hospital is continuously interfering the hospital routine work and creating problems and hurdle for administration.

On 08/10/2022 he again found intentionally involving in the strike against the hospital administration by provoking the doctors, public and other hospital staff (can be verified from CCTV footage) while he is just an ambulance driver rescue 1122.

Therefore, it is once again requested to transfer his services from District headquarter hospital based Rescue 1122 station, preferably outside District Khyber for smooth running of hospital in the best of public interest.

Health Department, Peshawar.

Subject: Reporting of District Surgeon Dr. Bakhtyar Alam (BS-18) working in DHQ Hospital, Landikotal District Khyber.

It's a matter of grave concern that Dr. Bakhtyar Alam (BS-18) who is deputed as district surgeon in the said hospital is least interested in his official duties. He has been allotted official residence inside the hospital premises but despite all the facilitation from administration, his performance is continuously disappointing. He miserably failed to fulfill his professional duties but also as an in charge of the surgical unit, though he was reprimanded about it multiple times by the administration. He has not conducted a single evening or night round or attended an emergency patient when needed. Due to lack of interest on his part, his subordinate Medical Officers were usually absent in ER and he failed to provide substitute putting human lives in danger, leading the administration to take over surgical unit roster. His managerial ability as an in charge of surgical unit is also below par as his staff (MOs and Class-IV) remained absent from OPD and ward duties halting service delivery. He did not report a single absentee of his subordinates to the administration in time.

His performance on the basis of general anesthesia/major cases has also been a complete disappointment. The said district surgeon owns a private hospital near the DHQ and is involved in diverting the poor patients to his private hospital and prefer to perform surgeries there, and was reported to the administration on more than one occasion in the form of patient complaints.

He has been involved in all the illegal activities like strike, instigating staff against the administration and healthcare facility, and failing to comply to the administration policies in service delivery to the masses. He is on the front line of every action that compromises the institution name and trust which the government is trying very hard to improve. His overall behavior, attitude and going about his business of patient care is totally un-ethical, non-professional and unbecoming of a government servant. Recently when he received a warning

Subject: **Incident report/Threatening of an outsiders Mr. Kaleem ullah and Sami ullah.**
Respect Sir.

I want to bring into your kind notice that some outsiders (Mr.Wali Muhammad,Mr. Haji Sher, Mr. Mehar gul, Mr. Shoor, Mr. Sadeeq binori, Mr. Kaleem ullah, mr. Sami ullah) visited the hospital and entered the medicine stores and started making videos and pictures without permission of the undersign which is the violation of the rules and regulation and against the law its pertinetnt to mention that before visiting the hospital by any person he must take permission from the administration which couldn't. At the end they visited the undersign office and incharge hospital choki timely informed they started baseless allegation and arguments and two of them named mentioned above threatened with distraught consequences.

Therefore you are hereby requested to take action against these kind of people and lodge FIR in hospital routine work interference and life threatening a government servant which is the head of the institute.

letter, he torn into two and sent them back to administration as a statement. All his actions are bringing a bad name not only to the hospital but also to this noble profession.

The administration has taken all necessary measures in line with codal formalitiés of E & D rules 2011. An enquiry, against him on charging patients in OPD hours, recently concluded has recommended that a strict official warning be issued to said district specialist in order to refrain from such malpractice in future. However, he is still carrying on with the same manners and attitude as previous. This behavior of his is contagious as rest of the staff consider him above any obligations and service rules leading to unrest amongst others. It is hereby requested to initiate a strict disciplinary action against the said district surgeon in the best of public interest.

Subject: Call for General Strike

It is to inform you that after long deliberation with all stake holders working in this institute, GHA DHQ Hospital Landikotal has Unanimously decided to call a general strike from all elective services for an indefinite period starting from Monday 18/09/2023.

Casualty and Labor room services will be available in the best public interest. We have been forced to take this extreme step due to rampant corruption by this administration, persistent harassment of the staff and lack of facilities for patients.

We have on multiple occasions conveyed our grievances to the health department in the past but to no avail. These developments have forced our hand to take this step.

ULLAH CHARGE NURSES BS-16,

Madam:

Reference to your office letter No.4290-91/Ell Dated 05.09.2022 on the subject noted in which the undersign is directed to allow Mr.Khan Zeb , Yasir Muhammad , Mr.Imdad Ullah Charge Nurses BS-16, to perform duties in response to our relieving order No.1007/DHQ H/LKL Dated 13.08.2022

The undersign here by submit that the above mentioned staff is habitually absent from duties, involved in Politics by instigating the staff against the administration and constantly creating problems for the administration, on the same ground they are relieved from duties.

Contrary to our relieving order, your office resumed them to perform duty with the remarks that the undersign couldn't give such penalty to an employee. If the hospital administrator hasn't such authority, then reforms couldn't be made in fruitful way & this is difference between Government Manager and Private manager. The fact to be acknowledged please.

The undersign hereby request to keep them relieved from duty or transfer their services from this institution. At the movement, they couldn't be allowed till further order. Consider it in good favor & best of public interest.

**SUBJECT: MINUTES OF THE DISTRICT STEERING COMMITTEE MEETING,
IMU, HEALTH, TRIBAL DISTRICT KHYBER FOR THE MONTHS OF APRIL &
MAY, 2023.**

Meeting of the District Steering Committee, IMU, Health, Tribal District Khyber for the months of April & May, 2023 was held on 27-06-2023 in Office of the Deputy Commissioner, Tribal District Khyber. The meeting was chaired by Additional Deputy Commissioner (R&HR) Khyber and participated by the following:

1. Dr. Jamshed Khan Sherani, Medical Superintendent, DHQ Landi Kotal, Khyber TD
2. Dr. Mohammad Usman, FSMO, DHO Office, Khyber TD
3. Dr. Ihtesham Khan, Incharge, Type-D Hospital Jamrud, Khyber TD
4. Mr. Ghafoor Ahmad, DMO, IMU, Health Khyber TD
5. Mr. Ateeq Ur Rehman, MDCA, IMU, Health Khyber TD
6. Mr. Sheharyar, MDCA, IMU, Health Khyber TD

DMO IMU Health presented indicator wise data of both Primary & Secondary Healthcare Facilities of Tribal District Khyber. Indicator wise progress, issues and solutions discussed and the following decisions were made.

S. No	Agenda point	Discussion/Decision	Action By
1	Staff Presence	Doctor's presence at DHQ Landi Kotal was 100% and appreciated by the chair while the same at Primary level remained low. The Chair directed representative of DHO to take action under E&D rules against the absent staff with a copy to this office.	DHO, Khyber, MS DHQ Landi Kotal, Khyber
2	Medicine Availability	Medicine availability remained critically low at both levels. Meager Budgetary provision was termed the main reason of low medicine availability both by DHO & MS DHQ Landi Kotal. The Chair directed both representative of DHO & MS DHQ Landi Kotal to prepare cases for additional grant, submit to DGHS and pursue it.	DHO Khyber, MS DHQ Landi Kotal
3	Equipment Functionality	Equipment functionality at Primary level remained satisfactory while lagging behind the bench mark at Secondary level. The Chair directed both DHO & MS to take up cases with the concerned quarters for provision of funds for repair of the non functional equipment.	DHO Khyber, MS DHQ Landi Kotal
4	Cleanliness	Cleanliness remained satisfactory both at Primary and Secondary levels. The chair stressed for achieving the target of 100%.	DHO Khyber, MS DHQ Landi Kotal
5	Infrastructure	Representative of DHO informed the forum that in absence of regular budget from the govt, NGOs have been engaged to execute the required works at certain HPs. He added that MOU has been signed with an NGO and the work is expected to start in the next month.	DHO Khyber

		The Chair appreciated the initiative and stressed to replicate the same at majority of HFs.	
6	Actions on IMU reports	DMO, IMU informed the forum that explanations have been called by DHO from the absent staff reported by IMU. Representative of DHO responded that deductions are also made but probably it may not be shared with IMU. The chair directed that DAO should participate in future DSCs and share verified list in every meeting.	DHO Khyber, MS DHQ Landi Kotal, DAO, Khyber.
7	Handing/Taking of new buildings	While following up decisions of the last meeting, the chair showed displeasure on non compliance of the decision of handing/taking over of the new buildings of CD Qaddam, Tangl, CH Lowerra Maina and Type-D Bazar Zakha Khel between DHO & C&W Deptt Khyber.	DHO Khyber & SDO Building C&W
8	Electricity issue of Type-D Hospital Jamrud	The chair enquired status of electrification, inverter etc damaged by fire, the incharge Type-D Jamrud informed the chair that an NGO is engaged in this regard and shall replace the damaged items in July.	DHO Khyber, Incharge Type-D Jamrud
9	Accountability of DHO staff working at DHQ Landi Kotal	MS, DHQ Landi Kotal complained that some staff of DHO working at DHQ Landi kotal don't consider themselves accountable to MS, DHQ Landi kotal. The chair clarified that all staff of DHO working at DHQ Landi kotal are accountable to MS DHQ Landi kotal and shall ensure their attendance through Biometric machine. Those challenging authority of the MS should be dealt in accordance with the rules.	MS, DHQ Landi Kotal, DHO Khyber
10	Shifting of services of BHU Sra Chena to a suitable place/building	Representative of DHO Khyber and DMO IMU highlighted the issues faced both by staff and patients in accessing the facility due to land dispute between the local tribes. It was therefore decided that the mentioned BHU may be shifted to any suitable nearby government building to ensure uninterrupted service delivery and safety of the staff and patients.	DHO & District Administration
11	Irregularity of Staff of CD Qaddam	DMO, IMU highlighted the absence of staff of CD Qaddam in the past couple of months. The Chair directed that action under the relevant rules should be ensured against the absent staff with a copy to this office	DHO Khyber

SUBJECT: DEPARTMENTAL APPEAL ON TRANSFER BASED AT ADMINISTRATIVE GROUNDS

167

Dear Sir,

I Dr. Jamshed Saeed Sherani (BPS-19) have been working as Medical Superintendent, District Head Quarters Hospital, Landi Kotal, District Khyber from 23/05/2022 till date.

Recently, I was suddenly transferred (Copy attached) from the above-mentioned post, on administrative grounds and directed to report to Directorate of Health, Khyber Pakhtunkhwa which is extremely unfair, highly biased and based on the higher authorities of the Health Department budging down under the pressure of the corrupt mafia working inside and outside of the DHQ Hospital Landikotal. The reasons that I consider this as unfair, biased and a cut throat to merit approach is because of the following documented hard-hitting facts

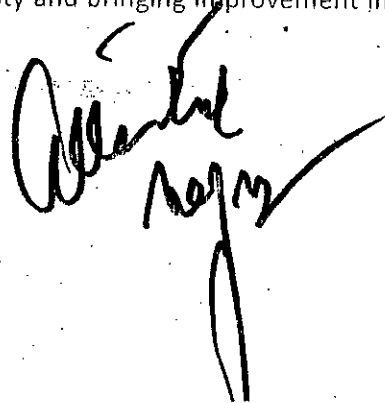

1. I was posted to the above-mentioned post as a challenge because the DHQ Hospital Landikotal has been for a long time, a den of mafia who have been operating against the health of the people of the area, and the complaints against this hospital has been in volumes, not only being reported in national media but also on the citizens portal. The task handed over to me was to rid, the place of the mafia within the hospital, streamline the ongoing operations and improve the service delivery.
2. Soon after taking the charge, I streamlined the services. The first issue that I tackled was that of ghost employees, those who were drawing salaries from the hospital but working as private servants to people outside the hospital. They were all brought back and stationed at hospital during my tenure
3. The doctors of the hospital were drawing huge salaries from the national exchequer but instead of performing their duties, they were abusing their sacred oath and involved in private practice within their duty hours in the hospital. This was a long going practice which my predecessors could never dare to challenge, but I went all the way to stop this illegal practice. In this whole saga, I even won the court case which resulted in private practice being banned within 500 meters of any public sector hospital. However, some nefarious elements from within the doctors of this hospital still continued with their illegal practice in complete violation of the Honorable court decision which I challenged and brought under control. This led to those doctors' joining hands with class IV mafia.

168

4. The daily OPD because of the lack of interest of hospital staff was hardly 17000-18000 per month, but because of my streamlining the services including for the first-time initiation of evening OPD, the monthly OPD went to about 50000 per month, which has been a feat in the long history of this hospital.
5. Before my tenure there were illegal occupants residing in the hospital accommodation which was costing the Health Department millions of rupees in unnecessary utility bills. This accommodation mafia was so strong that no one could dare challenge them. I was the first one who took risk to his own life, and did a proper merit-based allocation, evicting the illegal occupants which raised a huge roar among the illegal residents and they joined hands together against me.
6. There were kickbacks and commissions mafia operating in the local purchase of medicines which I stopped completely and despite the fact that I was offer millions in bribery to allow those elements to operate, I cracked down on them, completely stopping the practice and made the purchase system crystal clear and accountable by going with the books.
7. I for the first time rostered the doctors, nurses, paramedics and class IV according to the needs of the hospital resulting in improved attendance and hence increased patient turnover and increased patient satisfaction. This resulted in the local population being hailing me openly through local media and social media and I have been a star for the hapless local population who have been held hostage to the unprofessional practices of the hospital staff for decades.
8. The improvement brought in my tenure is documented. The IMU reports have praised me for improving the attendance, service delivery and patient turnover.
9. I have been praised by the office of the local Deputy Commissioner and also by the local chiefs.
10. The mafia within the hospital has not been happy with my honesty and discipline and has been conspiring against me right from the day 1 that I took charge. They have demonstrated against me several times, staged sits in and what not, but I have managed them successfully with the help of the local population. This last strike which they organized was done in my absence, as I was in a health department workshop for 4 days from Sep 18. So, without giving any notice of strike, they waited for me to proceed on the course and then staged the strike and then used their soft corners within the Health Department to conspire to remove me from the post on administrative grounds. This was done without any inquiry, which is a legal prerequisite for administrative actions.

The above-mentioned details have been outlined so your good self is in the picture of what and why has this happened. I am asking for justice, because this is the price being paid by me for following merit, discipline and honesty and bringing improvement in the services which was my

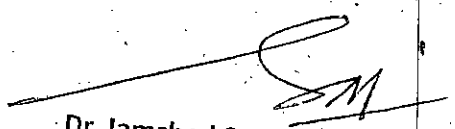

159

ultimate responsibility and I hold my head high in esteem and take extreme pride of saying it openly that I achieved that. However how that Honor and pride is rewarded by the Health Department is a question on the integrity of the being sincere with the vision of the Health Department.

Sir, based on the above statement, I appeal through this application and rest my case with you to decide on merit and to kindly cancel this transfer as it is a disgrace for an honest, upright and principled officer of the Health Department.

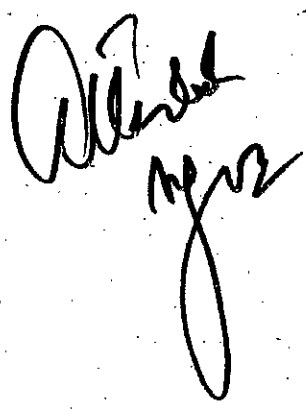

Thanking you.

Subject: INVITATION FOR TRAINING ON PRE TESTING OF DHIS 2

DHIS 2 is a critical tool in the field of health which will soon be effective and scaling up in the entire KP province. It is used for reporting, collection and analyzing of daily data that has been reported in all the health facilities of KP province. This data plays a vital role in timely decision making processes within the health sector, ensuring important information which is readily available to support evidence based interventions. To maximize the benefits of DHIS, it is imperative for health officers and their team to be well-versed in its functionality and features.

For the said purpose, DHIS cell extends an invitation to the Districts (Khyber, Kohat, Charsadda) to participate in the training program on "Pre-testing of DHIS 2 in selected health facilities. This training aimed at enhancing district health facilities staff efficiency in utilizing District Health Information System and switching from DHIS to DHIS-2 for improved data.

In this regard DHIS-2 training has been arranged as per schedule attached.

- E. Direct the Respondent to decide the Departmental appeal of the Petitioner without further delay and as per transfer policy .
- F. If any legal hurdle exists then for the ends of justice and on the principle of delay defeat justice may this Honourable Court , send this Petition to the service Tribunal with direction to decide it on merit on priority basis .

Respectfully Sheweth:-

Facts:-

1. That the Petitioner is a general Medical Doctor and after gaining the required qualification through gazette Notification Dated the 10th September 2018, the competent authority inducted him along with others doctors of the general cadre and on his option into Health Management Cadre .

(Copy of Notification dated 10.9.2018 is attached as Annexure A).

2. That the Petitioner performed services as Deputy Director General Health Services Khyber Pakhtunkhwa BS-19 but was transferred and posted Medical Superintendent DHQ Hospital Landi Kotal Khyber Pakhtunkhwa through Notification No-SOH(H-V)/4-4/2022 Dated 20th May 2022 and he took charge immediately.

the doctors' private practice in the hospital which the Petitioner with a missionary zeal acted upon.

4. That this is believed to be true that the punctuality and honesty hardly work in the existing circumstances, the Petitioner, while officially nominated to attend workshop in Peshawar was sent a Notification of transfer on administrative grounds with authority to the junior, to hold additional charge and the post is still lying vacant.

(Copy of the impugned Notification is as Annexure C).

5. That for regular attendance of the staff and on the direction of the Respondent the Petitioner introduced and strictly acted upon on Bio Metric attendance and dealt with the violation of it accordingly,

(Copy of Biometric attendance is attached as Annexure D).

6. That the Petitioner took a difficult task of vacating the illegal occupants of the Hospital accommodation with no proper legal sanction and vacate the houses and faced the court proceeding but the petition of such illegal occupants was dismissed in the court of law. Needless to mention that the Petitioner bore all the legal expenses of these cases and others from his own pocket in the best interest of public at large.

(Copy is attached as Annexure E and the contents of all these orders and judgments shall be considered part and parcel of the Petition.)

7. That in the light of Notification No.PA(DS-A)HD /1-1/17 Health Department Government of KhberPakhtunkhwa the Petitioner issued a circular dated 4/10/2022 and banned the private practice within 500 meters of the Hospital on Doctors, Nurses, Paramedics and LHVs which was challenged through Writ Petition No-4051-P/2022 in the Peshawar High Court Peshawar but was dismissed on 15.3.2022 and the Secretary Health then notified it by Notification dated 9th Jun 2023 to all government hospitals feeling a great success for his administration.

(Copy of notification, writ Petition, judgment and notification by the Respondent is attached as Annexure F).

8. That the Petitioner took bold administrative actions against the delinquent employees of the DHQ Hospital and recovered the amount in the form of deduction from their salary which agonized the employees and they even challenged it in court of law but been wrong were defeated again .

(Copy of such actions is attached as Annexure G).

9. That the Petitioner took strong action on the habitual absentees of the employees and called their explanations and even report to the Respondent for appropriate actions against them.

(The copy of such action is attached as Annexure H).

10. The Petitioner made enquiries as per Efficiency and Discipline Rules against the delinquent employees and took appropriate action according to circumstances.

(Copy is attached as Annexure I)

11. That the Petitioner brought positive and beneficial reforms in the Hospital by improving its status for the public at large , improved the numbers of Patient visiting the OPD and so , increased the Hospital income out of it and when the performance during his tenure is evaluated by the Respondnet it showed the tremendous improvement in the condition of Hospital and patient care in it which is publicly appreciated with no adverse complaint by the public or the Respondent against the Petitioner in any form. This unblemished record justify that the words used administrative grounds in the transfer order is wrong and unwarranted.

(Copies supporting the point of the Petitioner is attached as Annexure J)

12. That the employees of the Hospital unrecognized interest became at stake due to the implementation of law and rules in letter and spirit, the toleration of which was beyond their integrity resultantly from the day one when the Petitioner took administrative action through different modes they started harassing the petitioner to toe him to their vicious action but failed so incited the other employees and held strike for which they all

were strictly warned but the evil was spreading and when the Petitioner was nominated for workshop at Peshawar and was out of Hospital , the indiscipline employees again held a strike which for employees of essential services is not allowed under the law . Sensing the evil the Petitioner in the beginning wrote to the Respondent for the transfer and relieving of some vicious minded employees but it was not honored which encouraged such elements .

(Copies of the relevant documents is attached as Annexure K).

13. That it is pertinent to mention that the Respondent appreciated the efforts and pains of the Petitioner for the betterment of Hospital and medical care and even appreciation letters were sent to him by the Respondents and all the inspectors and visitors.

(The copies are attached as annexure L)

14. In view and the consequences of the above circumstances the Respondent mode due to the pressure of the staff at the Hospital changed and transferred the Petitioner on ironic grounds i.e. administrative grounds which have no room in the service law at all. So the Petitioner filed a Departmental Appeal against it which is filed and no decision is making over it nor is informing the Petitioner of the dismissal of it , with the stoppage of salary of the petitioner .

(Copy of the Departmental Appeal is attached as Annexure M)

Being aggrieved and with no adequate remedy available hence this Constitutional Petition is preferred inter alia on the following grounds.

Grounds:-

ATTESTED
EXAMINER
Peshawar High Court

A. That the reasons ; administrative grounds ; for the transfer of the Petitioner and that too on the pressure of the striking employees is arbitrary, discriminatory and unreasonable attitude of the Respondent towards the Petitioner consequent thereof is illegal, tainted malafide, without jurisdiction and lawful Authority and is ineffective upon the rights of the Petitioner.

- B. That the Petitioner did nothing wrong and tried his level best with full capacity of his ability implemented the notifications, circulars and orders of the Respondent so the facts mentioned above is a record which transpires the fairness and competence of the Petitioner and his dedication towards his duty and common interest.
- C. That by no stretch of imagination the Petitioner has ever done anything against the administrative law or for the consolation of his thirst for power but what he has done has done in good faith and with full support of the then Respondent and on his directions.
- D. That with the change of Respondent the change in the established legally recognized policy is not a symbol of good governance but may further deteriorate the medical and health care in the province which is not in the interest of the common man.
- E. That the treatment meted out to the Petitioner may discourage honest, professional and competent officer in the department which is not a good omen.
- F. That this is agitating the mind of the Petitioner that for what wrong he is punished and on what manner he is punished.
- G. That under Article 4 of the Constitution of Islamic Republic of Pakistan, 1973, every person shall be treated in accordance with law and the Petitioner also pray for this.
- H. That under Article 5 of the Constitution of Islamic Republic of Pakistan the state authorities are bound to obey the law but in the case of the Petitioners the Respondents have acted in discriminatory and arbitrary manner.
- I. That under Section 24-A of General Clauses Act, the State functionaries are bound to act fairly, justly and in a transparent

manner and not be tainted malafide and this is the demand of good governance too.

Therefore it is prayed that the Petition may be allowed and accepted with a prayer as above.

Interim Relief.

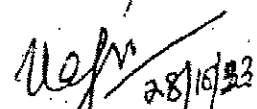

May this Honorable Court be gracious to release the salary of the Petitioner and allow to perform duty at his place of posting till further order.

It is therefore humbly prayed that on acceptance of this. Writ Petition, a writ may be issued with a prayer above.

A district headquarter hospital is supposed to ease the burden on tertiary care hospitals by providing emergency and outpatient speciality services at the doorstep of the district. The dhq hospital of landikotal has the same purpose. However, the emergency services of certain specialities are totally absent from this dhq. Most important speciality is pediatrics. After 1 pm there is no pediatric trained MO/specialist officially present in the dhq, as a result of which a huge problem is faced by the people of landikotal. More than 80% of the patients coming to emergency are pediatric patients. There is no pediatrician to deal with them. Despite of MOs in the pediatric department there is no pediatric MO in emergency on public holiday, to deal with pediatric emergencies. The district pediatrician who is available at his government allotted residence inside the dhq is charging money for patients referred officially from the emergency to him. Due to this most of the non-affording members of t
