JUDGMENT

GUL ZEB KHAN, MEMBER.

1. Our this judgment will also dispose of the service appeal No. 1065/2015 titled "Irfanullah vs Chief Secretary and others" wherein the appellant has been awarded major penalty of reduction to a lower post for a maximum period of five years and wherein similar question of law/rules is involved.

2. The aforesaid appeal dated 23/10/2014 has been lodged by Mian Farooq Iqbal, hereinafter referred to as appellant, under Section-4 of Khyber Pakhtunkhwa Service Tribunal Act 1974, wherein he has impugned the office order dated 19/8/2014 under which he was removed from service and against which he preferred departmental appeal on 22/8/2014, which was not disposed of within the statutory period of ninety days.

3. Brief facts of the case giving rise to the instant appeal are that the appellant while serving as Director General, Mines & Mineral Development Department Khyber Pakhtunkhwa, was charged with the allegation that he illegally renewed the Prospecting License for Phosphate on area spreading over about 500 acres in District Abbottabad in respect of Mst. Rukhsana S. Javed and converted into

Mining Lease for a period of 30 years instead of 10 years period as against the recommendation put forth by of the Inspection Committee. He was removed from service on the basis of the recommendations as contained in the departmental Enquiry Report.

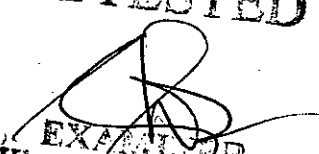

4. Learned counsel for the appellant argued before the court that the appellant was removed from service on the recommendations of an inquiry officer, who himself had remained posted as Additional Secretary in the department and had acted as one of the members of an arbitration committee in the instant case which was earlier constituted on the directions of the worthy Peshawar High Court for "Amicable Settlement" of the dispute. That in order to ensure upholding the principles of fairness, impartiality, and good governance as well implementing the provisions laid down in the recently enacted Khyber Pakhtunkhwa Conflict of Interest Act, 2013, the said officer could not have been appointed as enquiry officer, being an arbiter and having direct conflict of interest with the appellant and for which the appellant had himself raised an objection at the relevant time, but was not accepted by the authority. That the appellant has not committed the said act/irregularity as he has neither renewed nor converted the said lease for 30 years, rather it was the ultimate departmental authority i.e the administrative secretary who has finally approved/granted the renewal of the said lease for 30 years on the unanimous recommendations of the Mines Committee under the chairmanship of the appellant, and that the role of that ultimate departmental authority has neither been mentioned in the Provincial Inspection Team (PIT) report nor in the departmental enquiry report. That even the renewal of the lease for the period upto 30 years by the administrative secretary is duly covered under Rule 137/MCR 2005. That the aforementioned unanimous recommendations of the Mines Committee also contained several other items relating to renewals/extension for approval of the administrative secretary, wherein partial/altered recommendations

of the committee were approved, but the same are not being touched/questioned in either of the enquiry reports which tantamount to malafide on the part of the respondents. That the recommendations of the Mines Committee are/were never ever binding on the competent authority, rather its recommendations are always open to any sort of additions/alterations/overrulings /differing/subsequent discussions or straightaway disagreement/regrettal of the proposals/recommendations. That none of the enquiry reports has ever mentioned either the quantum of financial loss (purportedly incurred to the government exchequer as a result of the said concession for 30 years) nor pointed out any specific law/rules governing the conversion of PL into ML on extension of lease by 30 years that was violated at that time or at the time when the said lease was restored by the Peshawar High Court vide judgment dated 12/7/2012. That the departmental enquiry officer had devised a questionnaire, which was duly filled in/replied by the appellant on 10/12/2013, but, to the astonishment of all, the said enquiry officer finalized/submitted his enquiry report to the then administrative secretary, on the very day i.e 10/12/2013 and that too by hand, and that this very fact is sufficient for the enquiry report being concocted, dubious, unfair and malafide in the eyes of law. That this is also due to the reason that the enquiry officer had himself remained attached/acquainted to this case, prior to conducting the instant enquiry. That other co-accused-officers (i.e members of the Mines Committee) have already been exonerated except the two appellants. Learned counsel for the appellant further argued that the appellant was wrongly removed from service on the charge which he never committed and hence the impugned order dated 19/8/2014 may be set-aside and the appellant may be allowed all consequential back benefits.

5. On the other side learned District Attorney argued before the court that appellant was properly charged sheeted for illegally converting PL of Phosphate into 30 (thirty) years ML of an areas spreading over about 500 acres as against the original recommendations of 10 years by the Divisional Mines Inspection Team/filed staff. Further argued that the Inquiry Officer has conducted regular inquiry in accordance with the provisions of law/rules and has also provided reasonable opportunity of personal hearing to the appellants. That the appellant was proved guilty and was removed from service under the E & D Rules 2011 after fulfillment of all codal formalities, hence the instant appeal may be dismissed.

6. We have heard arguments of the learned counsel for the appellant and learned District Attorney for the respondents and have gone through the record available on file.

7. It is an admitted fact that the officer who has been appointed for the departmental enquiry in the instant case earlier remained posted in the said department. It is the cardinal principle of natural justice that an inquiry officer should be a person who has no bias or got no involvement in the case which is being inquired into. Appointment of impartial tribunals/arbiters/inquiry officers is a pillar of procedural due process and propriety. Engagement of the very enquiry officer, in the instant case, , due to his official capacity at the stage of amicable settlement of the dispute, as a result of the Peshawar High Court judgment has made him dis-entitled to be the inquiry officer because once he has given his opinion in the said case, then he is/ was commitment bias to defend his that very opinion. Any report by any such person is no reportⁱⁿ in the eyes of law and any penalty on the basis of such report is bound to collapse. Besides, there is also no proof available on record regarding providing the opportunity of self-defense or

cross examination of the witnesses to the appellant during the course of the said departmental proceedings, which is mandatory under the law.

8. As a sequence to the above discussion, the appeal is accepted, the impugned order is set-aside and the appellant is reinstated in service. Intervening period shall be treated as leave of the kind due. Respondents departments are at liberty to conduct de-novo enquiry in the matter if deemed appropriate. Parties are left to bear their own costs. File be consigned to the record room.
